

Climbing with the GOC Munich

CLIMB WITH US

Our climbing-together starts regularly on thursday at 18h.
It's for all interested parties who already have climbing experience. That means you have to know about belay and climbing in top rope.

For interested climber who aren't yet having climbed with us, please contact Sigi and Nicole. We'll meet with you in the entrance area. If you aren't a GOC member yet, you can join us 3-times for test climbing. To continue with us, you need a GOC membership.

For all climbing-togethers a binding confirmation is required. Please, write us a mail or send an information in our WhatsApp-group. To be included in our group, you have to climb 1-time with us.
Please, think on your climbing stuff, like belay device, rope, harness, shoes, etc. You also can borrow the equipment in the hall.

COURSES AND WORKSHOPS

If you are interested in a beginner course, please check the GOC website or contact us, please.

Beginner courses can be offered on demand and at least 4 participants. These courses are compliant with DAV guidelines. The beginner course can be completed with the (chargeable) DAV climbing license.

In irregular intervals, we offer workshops to improve certain skills. That can i.e. be: belay, clipping, fall off training
